DESCRIPTION

The Aspen Cork 500 ml stainless steel bottle is a double-walled vacuum design that keeps drinks hot or cold throughout the day. Its slender profile and cork base provide a comfortable grip and a natural look, while the stainless-steel screw cap ensures a leak-proof closure. Dimensions: Ø6.5 x 27 cm.

Visible details include a neat neck finish and a metallic cap that complements the bottle's shape. The cork base protects surfaces and reduces slipping. Care is straightforward: hand-rinse regularly to preserve the cork and exterior finish.

This personalised bottle can be marked using laser engraving, digital printing, screen printing for objects, sublimation, doming or pad printing. Minimum order: 13 pieces (colours combined possible). Suitable for companies, sports clubs, associations, events and corporate gifts. Free quote within 24 hours on weekdays and a graphic studio is available to prepare or vectorise your logo.
