Average weight	0.006
Dimensions	Ø0,8 x 13,8CM
Country of origin	China
Carton	1000 pieces

DESCRIPTION

The Inkless Bamboo pencil is made from bamboo for long-lasting writing without ink. With a diameter of Ø0.8 cm and a length of 13.8 cm, the pencil is lightweight and easy to handle; its metal tip oxidises the paper surface without leaving residue, offering an eco-friendly alternative to conventional pens. Bamboo is a natural material, so slight variations in colour and grain may occur and can affect the final branding result.

Simple to use and carry, the pencil requires no special maintenance and includes a paper cap that complements its sustainable design. Available in natural wood tones, its compact dimensions make it suitable for corporate giveaways, events and office use where a discreet, responsible item is preferred.

Customisation available by laser engraving and pad printing. Minimum order: 500 pieces (colours and sizes combined). Ideal for companies, clubs, associations and event organisers; our studio can prepare or vectorise your logo for laser engraving or pad printing.
