Country of origin	China
Carton	100 pieces

DESCRIPTION

The Bowie retractable utility knife is an aluminium tool suited to both professional and home use. It takes carbon steel blades that are sharp enough for cutting cardboard, adhesive tape and other everyday materials. The blade retracts and locks for safe storage and transport. Dimensions: 15.5 x 4 x 2 cm.

The handle features non-slip inserts and a ridged slider to extend and lock the blade easily; the metal construction gives the tool good durability under regular use. Its compact profile makes it convenient for workshops, warehouses or office toolkits and simple to store when not in use.

This personalised tool can be marked by digital printing, laser engraving or pad printing. Minimum order: 50 pieces (colours and sizes combined) — each product sheet shows the applicable minimum quantity. Suited to companies, clubs, associations, events and corporate gifting; our graphic studio can retouch or vectorise your logo and integrate it into the marking.
