Reference	6356
Composition	Stainless steel
Material	Stainless steel
Average weight	0.115
Dimensions	9 x 2 x 11CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

This personalised bottle is a compact hip flask designed to hold small amounts of liquor or whisky (approx. 175 ml). The stainless-steel body is clad in a thin layer of natural bamboo, giving a pleasant tactile feel and warm appearance. Its slightly curved profile sits comfortably in the hand and is discreet for transport; the stainless interior ensures reliable liquid containment. As bamboo is a natural material, subtle variations in colour and grain may occur between pieces and will affect the final print result.

The flask features a screw cap with a hinged attachment for a secure closure and to prevent loss of the cap. At 9 x 2 x 11 cm it is ideal as a corporate gift or event keepsake. Care is straightforward: hand-wash and dry promptly to preserve both the bamboo surface and the steel.

Customisation is available by laser engraving, digital printing and pad printing. Suitable for companies, sports clubs, associations and event giveaways. Minimum order: 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production and express options available, collection at our Evere workshop or delivery in Belgium, France and Luxembourg. Our graphic studio can vectorise or retouch your logo.
