DESCRIPTION

The Helsinki Med bottle is a 750 ml stainless steel insulated bottle designed for everyday use. Its double-wall construction keeps drinks hot or cold, while the slim cylindrical profile (Ø7x26 cm) and leakproof screw cap with a bamboo-finished lid and carrying handle make it practical to transport. Care is straightforward: hand wash recommended and leave open to dry.

Functionally finished, the bottle features a secure screw closure and a metal loop handle for easy carrying or attaching. The stainless steel body provides durable performance for regular use. Available in several colours, for example Matte Silver, Black and Navy Blue.

Personalise this personalised bottle using laser engraving, digital printing, screen printing on objects, pad printing or doming. Well suited to companies, sports clubs, associations, schools, events and promotional gifting. Minimum order: 10 pieces (colours and sizes combined). Free quote and in-house graphic studio available to edit or vectorise your logo.
