Ref. 6382

Reference	6382
Composition	MDF
Material	MDF
Average weight	0.386
Dimensions	10,6 x 10,6 x 7CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

Set of 4 coaster-games made from MDF with a cork playing surface, suitable for children and enjoyable for adults at social gatherings. Each coaster doubles as a board for one of four games — noughts and crosses, backgammon, chess and Chinese checkers — and stacks neatly on its base. Compact dimensions (10.6 x 10.6 x 7 cm) make it easy to handle and store. As cork is a natural material, surface appearance may vary between items.

The cased set includes slots and pegs to store pieces and to stack the coasters securely; the playing grids are applied as printed or engraved markings. Lightweight and easy to clean on the surface, it is designed for indoor use and occasional tabletop play.

Customisation options include DTF printing (as DTF printing), laser engraving and pad printing. Minimum order: 10 pieces (colours and sizes combined). Ideal for companies, sports clubs, associations, school events or personalised gifts for private customers. Note that the porosity of the cork can cause slight variations in print results.
