DESCRIPTION

This women's crew-neck T-shirt features a fitted A-line cut with side seams that shape the silhouette. Made from a 60% cotton / 40% polyester ringspun blend, it delivers a soft feel against the skin and a smooth surface ideal for printing. The ribbed neckline is constructed without topstitching and a neck-and-shoulder tape improves comfort and durability. Available in sizes S to XXL and several colour options such as Navy Mist, Pitch Black or Red Mist, it is practical for everyday wear.

The women's fit, short sleeves and narrow width create a clean profile suited to professional or casual use. The Tear-Away label allows for easy relabelling and the visible back view highlights the simple, well-finished construction and proportions.

These personalised T-shirt options can be ordered from one piece on a wide range of textile. Customisation techniques available include screen printing transfer, MSO transfer, DTF printing and flex (heat transfer vinyl). Recommended for businesses, sports clubs, associations, events and individuals; our graphic studio can retouch or vectorise your logo before production.
