Reference	6408
Composition	Wood
Material	Wood
Average weight	0.47
Dimensions	23 x 7,3 x 7,5 CM
Country of origin	China
Carton	10 pieces

DESCRIPTION

Compact wooden desktop planter designed as a decorative and functional piece for the desk. The Thila model, made from FSC® wood, includes two small pot holes and a slot for a pen and phone. The set comes with a soil tablet and clover seeds: plant them, water and watch small clovers grow on your desk. Natural variations in the wood mean each item may differ slightly in colour and grain.

Size: 23 x 7.3 x 7.5 cm. The rectangular block with two circular recesses and a narrow slot keeps the supplied pots and a smartphone upright. Care is straightforward — wipe with a dry or slightly damp cloth and avoid prolonged exposure to moisture to protect the wood.

This personalised gardening item can be decorated by laser engraving, digital printing, doming or pad printing to apply a logo or message. Minimum order: 5 pieces (colours and sizes combined). Suitable for companies, clubs, associations, events and individuals; our design studio can retouch or vectorise your logo before production.
