Reference	6446
Composition	Wood
Material	Wood
Average weight	0.038
Dimensions	3,5 x 2,2 x 23,2CM
Country of origin	China
Carton	250 pieces

DESCRIPTION

Hand fan in a compact, easy-to-handle format designed for outdoor events and promotions. The wooden ribs support a polyester fabric that opens into a wide, stable fan, providing comfortable grip and effective airflow. When folded it becomes flat and lightweight, simple to carry or distribute at gatherings. As a natural material, the wood may show slight variations in shade and size between items.

The fan features evenly spaced slender ribs for smooth opening and reliable structural hold when deployed; surface care is limited to dry cleaning or wiping with a damp cloth without soaking. Its compact folded dimensions make it practical for mass distribution at festivals, parades or promotional stands.

Customisation available by laser engraving (laser engraving) or pad printing (tampography). Ideal for event organisers, companies, clubs and associations looking for a practical branded giveaway. Minimum order: 125 pieces (colours and sizes combined); smaller quantities can be considered with additional fees. Free quote within 24 hours on weekdays; in-house graphic studio for artwork preparation.

personalised hand fan
