Reference	6468
Composition	Bamboo
Material	Bamboo
Average weight	0.084
Dimensions	12 x 8,8 x 2,6 CM
Country of origin	China
Carton	60 pieces

DESCRIPTION

Bamboo weather station shaped like a house for indoor use. This compact unit features an LED display showing current, minimum and maximum temperatures. Sized 12 x 8.8 x 2.6 cm, it is lightweight and attaches with the suction cup on the back; one LR44 battery is included. As bamboo is a natural material, slight variations in colour and size may occur and can affect the final decoration.

The house silhouette and the recessed screen make it a discreet yet legible office accessory to fix to a window or cabinet. Care is straightforward: wipe with a dry or slightly damp cloth and avoid prolonged exposure to moisture to preserve the bamboo. Its compact format suits offices, meeting rooms and shared spaces.

Customisable by digital printing, doming, laser engraving or pad printing, this item is ideal for companies, sports clubs, associations, events and personalised gifts. Minimum order: 30 pieces (colours and sizes combined). personalised office accessory.
