Average weight	0.122
Dimensions	11 x 3,7 x 3CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

These personalised utensils are a compact, multifunctional folding cutlery set in stainless steel with natural wooden handles, ideal for camping, backpacking and outdoor meals. The set includes a fork, spoon, knife, can opener, bottle opener and corkscrew, folding neatly into a wooden casing measuring 11 x 3.7 x 3 cm. As wood is a natural material, slight variations in colour and size may occur and can affect the final decoration result.

The stainless steel finish and space-saving design make it a practical addition to any outdoor kit. The metal components are durable in use and the item is best cleaned by hand. Note that this is a manual, multi-tool product without electrical parts or special thermal insulation.

Customisation options: DTF printing (DTF printing), doming, laser engraving and pad printing — applicable to both wood and metal depending on technique. Suitable for businesses, sports clubs, associations, events and personalised gifts for individuals. Minimum order: 50 pieces (colours and sizes combined); lower quantities may be possible with additional fees. Dimensions: 11 x 3.7 x 3 cm.
