Reference	6474
Composition	Rubber
Material	Rubber
Average weight	0.014
Dimensions	9,5 x 9,5 x 0,2 CM
Country of origin	China
Carton	800 pieces

DESCRIPTION

Practical and compact, the Lienzo coaster is made for sublimation printing: a polyester top layer ready for full-colour decoration and a black rubber base that grips surfaces to protect them. Its rounded-square shape and dimensions (9.5 x 9.5 x 0.2 cm) make it a discreet, useful accessory to shield tables and worktops from stains and scratches.

The slim, flat profile allows easy storage and provides stable support for cups and glasses. The non-slip rubber underside prevents accidental movement, making this coaster suitable for daily use in offices, meeting rooms or at events.

This personalised coaster is customisable by sublimation, allowing detailed full-colour designs on the polyester face. Recommended for companies, sports clubs, associations, events and private customers. Minimum order: 400 pieces (colours and sizes combined); smaller quantities may be possible with additional fees. We provide free quotes within 24 hours on weekdays and offer a graphic studio to vectorise or retouch your artwork.
