Reference	6492
Composition	Bamboo
Material	Bamboo
Average weight	0.028
Dimensions	14 x 4.5 x 15CM
Country of origin	China
Carton	300 pieces

DESCRIPTION

The Rhodos sunglasses are designed for everyday use on sunny days. The frame and arms are made from bamboo with a black finish, offering a more sustainable alternative to plastic frames. Mirror lenses provide UV400 protection for reliable outdoor eye safety. As a natural material, bamboo may show slight variations in colour and grain between items, which can affect the final appearance after decoration. Care is straightforward: wipe lenses with a microfiber cloth and avoid prolonged immersion.

The sunglasses feature a classic wayfarer silhouette with solid arms and discreet hinges; at 14 x 4.5 x 15 cm they are practical to wear and store. The bamboo arms are covered to reduce the visible wood while keeping the material's sturdiness, and the overall finish is neat and functional for regular use.

These personalised sunglasses can be decorated by laser engraving or pad printing depending on the desired effect and placement. They suit companies, clubs, associations and event giveaways; minimum order is 150 pieces (colours combined). Smaller quantities may be possible with extra fees. Our studio can vectorise or retouch your logo prior to production.
