## DESCRIPTION

Unisex 5-panel trucker designed for comfortable wear and easy adjustment. The cut pairs a curved peak with eight-row topstitching and a structured front panel in cotton/polyester for shape retention, while the mesh back provides airflow. One size fits most and it adjusts with a snapback closure.

Visible finishing details — clean panel seams, reinforced peak and top button — deliver a consistent fit on the head. The cotton/polyester blend keeps maintenance straightforward, making the cap suitable for outdoor activities and event use without special care requirements.

This personalised trucker can be customised from one piece and is ideal for companies, sports clubs, associations, events and private customers. Available marking techniques: screen printing (Transfert Sérigraphique), MSO transfer, DTF printing, flex (flocking) and embroidery. Our studio can vectorise or retouch your logo before production.

## KEY FEATURES

- Pleasant to wear.
- Easy to adjust at the back.
