DESCRIPTION

The Visin Seed memo set is a paper office accessory designed for jotting down notes and organising tasks. Made from grass paper, it includes a large notepad and several coloured sticky tabs, housed in a cover embedded with poppy seeds: once the pad is finished, the cover can be planted to grow flowers. Its compact dimensions (6 x 8.5 x 0.65 cm) make it suitable for desks, bags or reception areas.

The grass-paper composition gives a natural feel; inside you'll find multi-coloured adhesive tabs and a larger pad for longer notes, as visible on the product image. Lightweight and practical, it's convenient to distribute at events or for everyday office use.

Customisation is available by pad printing to mark the cover with your logo or message — this personalised paper office accessory suits companies, clubs, associations, schools and events. Minimum order: 300 pieces (colours and sizes combined).
