Country of origin	China
Carton	30 pieces

DESCRIPTION

The Siena backpack in RPET is designed for everyday use at school, work or leisure. Its upright profile and compact dimensions (31x15x44 cm) hold essentials without bulk; the 600D recycled polyester gives a structured, slightly textured look. The bag carries up to 5 kg and can be spot-cleaned.

This model features a front zip pocket for small items, a side mesh pocket for a bottle, adjustable padded shoulder straps and a top carry handle for easy handling. The main compartment closes with a zip and visible stitching reinforces the overall build.

Customise this backpack with screen printing (object), multicolour transfer, DTF printing or flex on the front, pocket or a dedicated area. A minimum order of 15 pieces applies (colours and sizes combined). Suitable for companies, sports clubs, associations, schools and events looking for a personalised backpack made from recycled material.
