DESCRIPTION

Unisex 5-panel cap designed for comfortable wear and strong ventilation. Made from a blend of polyester, nylon, cotton and elastane, it features a structured front panel and a slightly curved peak, with mesh panels at the sides and back for effective airflow. The rear is fully closed to provide a clean, modern look. Available in several colours such as BLACK, NAVY and RED and in sizes S/M and L/XL.

The photo highlights the reinforced front construction and neat stitching that help the cap retain its shape during regular use. The mesh side panels improve breathability, making this cap well suited to outdoor events, sports teams and active use.

This personalised 5-panel cap can be decorated by embroidery, DTF printing, flex, screen printing transfer or MSO transfer depending on the desired finish. Ideal for companies, clubs, associations, events and individuals; it can be personalised from one piece and our graphic studio can vectorise or refine your logo for a precise imprint.
