DESCRIPTION

This 750 ml sodocalcic glass bottle, model Utah Large, has a straight cylindrical shape (Ø6.5 x 25 cm) that is comfortable to hold and shows the liquid level clearly. The screw cap is leakproof and the bottle is not suitable for carbonated drinks. The neoprene sleeve protects the glass from light knocks, improves grip and features a side loop for carrying. Care is straightforward: rinse with warm water and avoid harsh detergents to preserve both glass and sleeve.

The sleeve has neat edge finishes and a handy strap for attaching to a bag or carrying by hand. The bottle’s neck remains accessible for filling and cleaning. Its compact dimensions make it easy to fit into a gym bag or backpack.

This personalised bottle can be decorated by screen printing (screen printing), multicolour transfer, DTF printing, flex, laser engraving, pad printing (tampography), digital printing or doming. Recommended for companies, sports clubs, associations and events. Minimum order: 10 pieces (colours and sizes combined) — request a free quote on weekdays.
