Ref. 6563

Reference	6563
Composition	ABS
Material	ABS
Average weight	0.063
Dimensions	Ø10 x 0,7 CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Slim wireless charger for Qi-compatible smartphones with a natural bamboo top and an ABS base; dimensions Ø10 x 0.7 cm. Connect the cable to a power source and place your phone on the pad to begin charging. Its low-profile, round design makes it suitable for desks, bedside tables and reception areas.

As bamboo is a natural material, each unit shows slight variations in grain and shade. Wipe clean with a damp cloth and avoid abrasive cleaners. The bamboo surface combined with an ABS housing provides practical durability for everyday use.

Minimum order: 50 pieces. Customisation options include digital printing, doming, laser engraving and pad printing — ideal for companies, events, clubs, associations and individuals looking for a personalised wireless charger. Free quote within 24 h on weekdays and a graphic studio is available to vectorise or retouch your logo.
