DESCRIPTION

Stainless-steel 17-in-1 multi-tool shaped like a snowflake, compact and sturdy at 6.3 x 6.3 x 0.7 cm. Designed for everyday fixes and light DIY tasks, its slim profile houses multiple functions while remaining easy to care for — a simple wipe keeps the stainless surface clean.

The snowflake design integrates various practical tips (screwdriver heads, bottle opener, wrench slots, etc.) and includes a hole for an optional key ring so it can be attached to a keychain or toolbelt. Its flat, space-saving form makes it convenient to carry without bulk.
