Country of origin	China
Carton	40 pieces

DESCRIPTION

Stainless steel double-wall tumbler with a 510 ml capacity, designed to keep hot or cold drinks at the right temperature. This unisex travel mug features a matte finish and a PP lid with a closable drinking opening for easy use on the go. Its slim cylindrical shape and 8.5 cm diameter fit most cup holders.

The double-wall stainless construction limits condensation and improves thermal retention. The leak-resistant lid clips securely and the metal rim at the top adds durability and a neat visual detail. Available in several colours, such as Black, Navy or Beige.

Customisation options include laser engraving, digital printing, screen printing on the object and pad printing, making it suitable for companies, clubs, schools, events and private individuals seeking a personalised tumbler. Minimum order: 20 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays; in-house design studio available to prepare or vectorise your logo.
