Composition	Borosilicate glass
Material	Borosilicate glass
Average weight	0.123
Dimensions	6,5 x 6,5 x 13,8CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

This 5-minute hourglass, model Desert, is a compact glass desk accessory made from borosilicate with a beech wood base. It is ideal for timing short activities, games or for use as a decorative piece in meeting rooms and reception areas. Borosilicate glass is more resistant than ordinary glass, while the wooden base provides a natural look; slight colour and size variations may occur due to the nature of the wood.

The hourglass features the classic two-bulb shape joined by a narrow neck for the sand flow and sits on a square wooden stand for stability. Dimensions: 6.5 x 6.5 x 13.8 cm. The item is available in 1 colour (beige) and the wood finish can affect the final appearance of decorations.

Customisation options include personalised desk accessory by laser engraving and pad printing. Suitable for businesses, associations, events and corporate gifts. Minimum order: 25 pieces (colours and sizes combined). Our design studio can retouch or vectorise your logo; free quote within 24 hours on weekdays, with collection in Evere or delivery in Belgium, France and Luxembourg.
