DESCRIPTION

This kitchen utensil, model Zaza, features a hatchet-style shape with a circular cutting wheel designed for easy pizza slicing. The handle is made from bamboo, offering a natural feel and secure grip; as a natural material, bamboo shows slight variations in colour and grain. Compact dimensions of 22 x 10 x 2 cm make it easy to store and well suited for domestic use or hospitality events.

The head houses a round blade typically paired with a synthetic guard that helps guide the cut. Care is straightforward: wipe clean after use to protect the bamboo from prolonged moisture. The playful hatchet form makes it a practical and appealing promotional gift or addition to culinary gift sets.

Can be personalised by laser engraving on the bamboo handle or by pad printing on the top part. Minimum order quantity applies: 50 pieces (colours and sizes combined). Recommended for companies, clubs, associations, events and corporate gifting. Free quote within 24 hours on weekdays and our graphic studio can retouch or vectorise your logo. Personalised kitchen utensil.
