Country of origin	China
Carton	30 pieces

DESCRIPTION

This stainless steel double-walled mug (300 ml capacity, 11 x 8.5 cm) is designed for coffee or tea at the office or during events. It features a straight profile with a PP handle for a comfortable grip. The double-wall construction provides insulation and reduces external condensation, making it suitable for everyday professional use.

The rim is unobstructed and the interior and exterior finishes give the mug a sturdy, understated look. The side-mounted handle leaves enough room for a secure hold, while the wide base ensures stability on desks and tables. The product is available in several colours, for example Matte Silver, Black and Navy Blue.

This personalised mug can be marked by laser engraving and pad printing, techniques suitable for logos and text. Recommended for companies, sports clubs, associations, events and private orders. Minimum order: 15 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
