Composition	98% Polyester, 2% Polyuretane
Material	Polyester
For	Unisex
Country of origin	Bangladesh
Carton	72 pieces

DESCRIPTION

Unisex trucker made of polyester (98% polyester, 2% polyurethane) designed for casual and outdoor wear. It features a 6-panel construction with a curved peak and 8-row stitching on the visor, combined with a mesh back for ventilation. One Size with an adjustable snapback closure ensures a comfortable, adaptable fit.

The structured front keeps its shape while remaining lightweight; visible stitching and clean finishes give reliable durability. Care should focus on spot cleaning to preserve the camouflage print and the polyester surface.

This personalised trucker can be ordered from a single piece and suits companies, sports clubs, associations, events and private customers. Personalisation techniques available include DTF printing, screen print transfers, flex, embroidery and MSO transfer. Our studio advises the best method to achieve the desired logo effect on a wide range of textiles.
