Ref. 6628

Reference	6628
Composition	ABS
Material	ABS
Average weight	0.033
Dimensions	13 x 3 x 2CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Harmonica made of ABS with wooden end plates, offered as a compact outdoor game measuring 13 x 3 x 2 cm. Lightweight and easy for children to hold, its rectangular body with a plastic mouthpiece lets users play simple notes. The wooden components are natural, so slight variations in colour and grain may occur between items and affect the final decoration. Wipe clean with a damp cloth.

The construction pairs an ABS central body with screwed wooden plates at the ends for added durability. Its small footprint makes it suitable for event giveaways, activity kits or workshop use. Dimensions: 13 x 3 x 2 cm.

Customisation available by laser engraving or pad printing. Ideal for companies, schools, clubs, associations and event organisers, and for private customers ordering in bulk. Minimum order: 100 pieces (colours and sizes combined). Our design studio can retouch or vectorise your logo; free quote within 24 hours on weekdays.
