Country of origin	China
Carton	30 pieces

DESCRIPTION

Stainless steel lunchbox with a 750 ml capacity, designed for everyday meal transport. This unisex, rectangular model (16 x 11.5 x 5.5 cm) offers a sturdy feel and straightforward care — hand washing is recommended to maintain its finish.

The lid fastens with strong side clasps for a secure closure on the move. A raised rim around the lid helps seat a seal correctly, and the largely metal construction reduces the number of fragile parts that can wear over time.

This personalised lunchbox can be customised using digital printing, doming, laser engraving and pad printing (tampography). Ideal for companies, clubs, schools, events and individuals seeking promotional items. Minimum order: 15 pieces (colours and sizes combined); smaller quantities can be supplied for an additional fee. Free quote within 24 hours on weekdays; graphic studio available to retouch or vectorise your logo. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
