DESCRIPTION

The Makan lunch box in PP is designed for taking a homemade meal to work or on a picnic. This unisex model features two separate compartments to keep main and side dishes apart and has a total capacity of 1000 ml. Its compact dimensions (20 x 14 x 7 cm) and lightweight polypropylene construction make it easy to carry and store. Hand washing is recommended to help maintain the finish.

The box secures with side clips as shown and includes a matching cutlery set (spoon and fork) in PP. Its compact profile fits well in a lunch bag or backpack and the matte surface reduces visible wear. Available in 1 colour, for example Black.

As personalised lunchware it can be marked by pad printing or digital printing. Ideal for companies, sports clubs, associations, events and individuals looking for a practical, reusable promotional item. Minimum order: 20 pieces (colours and sizes combined).
