DESCRIPTION

Practical kitchen utensils set including a polycotton oven mitt, a silicone whisk and a silicone spatula. The oven mitt features visible quilting and a hanging loop for storage; the whisk has flexible silicone wires mounted on a metal handle; the spatula combines a silicone head with an ergonomic handle. Designed for home baking and dessert preparation, the set is available in several colour options and measures 25x15 cm.

In daily use the mitt provides hand protection and added insulation from heat, while the silicone whisk and spatula handle sticky mixtures and are easy to clean. The hanging loop keeps the mitt accessible and the materials suit regular kitchen tasks without special care requirements.

These personalised kitchen utensils can be customised by flex, screen printing on objects, multicolour transfer, DTF printing, digital printing or laser engraving depending on the desired finish. Minimum order: 15 pieces (colours and sizes combined). Suitable for companies, clubs, associations, events and promotional gifts; free quote within 24 hours on weekdays and artwork support available.
