DESCRIPTION

The Gazo bamboo photo frame fits a 15 x 10 cm picture and offers a natural look suitable for desks, shelves or side tables. This personalised desk accessory stands with a rear support and can also be wall-mounted in portrait or landscape orientation for display flexibility. Bamboo is a natural material, so slight variations in colour and grain occur and add to the frame's character.

The frame has flat, angled edges with a visible border that frames the photo neatly without overpowering it. A clear front panel protects the image and a rigid back provides stable standing. Compact external dimensions (14 x 19 x 0.9 cm) make it convenient for desktop use or distribution as a corporate gift.

Customisation options include digital printing, doming and laser engraving, making it suitable for companies, associations, clubs and events. Minimum order: 20 pieces (colours and sizes combined); lower quantities may be possible with additional fees. Free quote within 24 hours on weekdays, standard production lead times apply, with collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
