DESCRIPTION

Glassware set in recycled glass including a 1 L carafe with a cork lid and four 420 ml tumblers. The carafe features a narrow neck and a slightly flared base for stable pouring, while the stemless tumblers offer a comfortable grip. Made from recycled glass, the set combines a natural look with everyday practicality.

The cork lid provides a natural finish and protects contents; the carafe's shape simplifies pouring and the sturdy tumblers are easy to store. Overall dimensions for the carafe are Ø9x28 cm. Suitable for hospitality, office kitchens or home use where a refined but functional drink service is required.

This personalised glassware can be marked by laser engraving or pad printing (tampography). Ideal for companies, sports clubs, associations, schools, youth movements and private customers who want a sustainable gift or event item. Minimum order: 3 pieces (colours and sizes combined). Free quote within 24 hours on weekdays and standard production from our workshop in Evere.
