DESCRIPTION

This RPET felt shopping bag, model Nata, is designed for everyday use or event distribution. The bag has a tall, rectangular cut with a flat base and long shoulder straps for comfortable carrying. Made from recycled PET felt (1 mm thickness), the material offers a dense, felt-like finish that is practical to handle and represents a more sustainable option. Dimensions 38x42 cm provide ample capacity for groceries or promotional materials.

Construction is straightforward and utilitarian: discreet side seams and integrated straps ensure consistent performance and ease of use. It is offered in several colours, for example Black and Stone Grey, giving a clean, low-key look suitable for many contexts.

Customisation is available by screen printing on objects, multicolour transfer, DTF printing, flex, embossing or sublimation. Recommended for companies, clubs, associations and events looking for a personalised shopping bag. Minimum order 50 pieces (smaller quantities can be arranged with additional fees).
