DESCRIPTION

Wooden phone stand in two parts that slots together to hold a smartphone upright on a desk or table. Its slim vertical profile and lower notch secure the device while the rear support provides a stable viewing angle. Manufactured in the EU from wood, the stand combines a natural look with a flat, packable design; care is simple — wipe with a dry cloth. The item includes seeds that can be planted, adding an eco-conscious element to your promotional gifts.

The model is offered in several natural wood tones and features clean cutouts and rounded edges as seen in the photo. The two-piece construction requires no tools for assembly and stores flat for efficient shipping or storage.

Customisation available by digital printing, doming, pad printing or laser engraving. Ideal for companies, clubs, associations, events and corporate gifts. Minimum order: 35 pieces (colours and sizes combined). Free quote within 24 hours on weekdays.
