DESCRIPTION

Round birch phone stand designed to hold a smartphone in a central slot. The Grow Round Stand is made from solid wood with a natural finish and rounded edges that showcase the grain. Its compact size (9 x 9 x 1.8 cm) makes it stable on a desk and easy to position beside a laptop or notebook. Birch seeds are included, allowing recipients to plant them afterwards as a sustainable gesture.

The stand's simple, sturdy construction creates a clean slot that supports the phone in portrait or landscape orientation. The smooth wooden surface accepts clear and durable marking. Available in a natural wood finish.

Customisation options include digital printing, doming, laser engraving and pad printing, making this item suitable for companies, events, associations, clubs and individuals who want eco-conscious promotional items. Minimum order: 40 pieces (colours and sizes combined). Our design studio can vectorise or retouch your logo; free quote within 24 hours on weekdays.
