DESCRIPTION

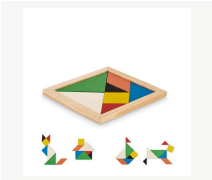

Compact wooden Tangram puzzle (10 x 10 x 0.6 cm) made of 7 geometric pieces set into a framed tray. Designed for indoor play, it offers an easy grip for children and a tidy presentation for educational or recreational activities. The wooden finish highlights the material and allows for simple dry cleaning where needed.

The flat profile and rigid frame keep the pieces neatly stored and make the set portable for workshops or events. The varied shapes (triangles, square, parallelogram) stimulate creativity and fine motor skills; the low thickness keeps bulk to a minimum while ensuring the pieces sit securely in the tray.

Personalise this game for corporate gifts, clubs, schools, associations or events. Marking options include laser engraving and pad printing. Minimum order: 150 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and a graphic studio to retouch or vectorise your logo.
