Reference	6694
Composition	Wood
Material	Wood
Average weight	0.076
Dimensions	7,5 x 10 x 10CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Compact wooden hand massager Assa, designed to relieve tension and relax muscles after a busy day. The solid wood construction and compact dimensions (7.5 x 10 x 10 cm) provide a comfortable grip; a cylindrical top sits on three angled legs ending in rounded balls, allowing targeted circular pressure on shoulders, neck and back. The wood is FSC certified, indicating responsible forest management.

The smooth finish makes it easy to maintain with dry cleaning; its lightweight design fits neatly into wellness kits or promotional packs. With no electronic components, the massager is durable and straightforward to use for repeated applications.

This wooden massager can be personalised for companies, sports clubs, associations and individuals using DTF printing, doming, laser engraving or pad printing. Minimum order: 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production and collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
