Reference	6696
Composition	Wood
Material	Wood
Average weight	0.041
Dimensions	9 x 9 x 2,5CM
Country of origin	China
Carton	250 pieces

DESCRIPTION

Compact pine maze game (9 x 9 x 2.5 cm) made from wood with a single metal ball to navigate the course. The Zuky model features a shallow framed board with a routed path and 14 holes that the ball must avoid, offering an easy handheld game suitable for indoor activities and promotional giveaways. It is simple to care for and presents a tactile, natural finish.

The low-profile play surface sits inside a wooden border that provides stability; numbered markers and channels create the challenge. Its wooden construction gives a sturdy feel without textile parts and the compact dimensions make it convenient to distribute at events or include in activity packs.

Customisable by laser engraving or pad printing, this product is suited to companies, sports clubs, associations, events and private customers looking for a personalised indoor game. Minimum order: 125 pieces (colours and sizes combined); smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays and a graphic studio is available to prepare your artwork.
