DESCRIPTION

Compact rechargeable bamboo perfume atomiser, model Mizer, with dimensions Ø2CM x 9.8CM. Its slim cylindrical shape fits easily in a pocket or small bag; the metallic spray mechanism and bamboo cap give a natural feel. Bamboo is a natural material and exhibits slight variations in grain and colour. The mini atomiser is simple to refill and clean and is suitable for perfumes or similar care liquids.

The body features a vertical translucent strip to check the liquid level without opening. The finish is smooth and seamless and the cap snaps on securely. Its compact proportions and straight profile make it convenient for everyday use and precise dosing when travelling.
