Average weight	0.055
Dimensions	7 x 4,5 x 2,1CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Compact aluminium COB torch designed as a car accessory, offering practical, on-the-go lighting. It features a 400 mAh rechargeable battery with USB charging and delivers 800 lm of light. Measuring 7 x 4.5 x 2.1 cm, the aluminium body provides a solid feel and heat dissipation. Three lighting modes (high, low, flashing) suit both task lighting and vehicle signalling. Care is straightforward: wipe with a soft cloth and avoid immersion.

Practical details visible on the product include an integrated carabiner and a bottle opener at the base for easy carrying, a fold-out stand to position the light at an angle, and a protective flap for the USB port. The unit also includes a magnet for temporary attachment to metal surfaces, useful for hands-free work.

Offered for promotional campaigns, corporate gifts and events, this personalised car accessory can be customised using digital printing, doming or laser engraving. Minimum order quantity: 100 pieces (colours and sizes combined). Our design studio can retouch or vectorise your logo prior to production.
