DESCRIPTION

Compact crossbody bag made from RPET, ideal for everyday urban use or travel. The slim rectangular shape (17 x 6.5 x 28 cm) features a padded main compartment with an RPET mesh pocket and a zipped front pocket for quick access. An adjustable strap and separate carry loop allow shoulder or crossbody wear, while the RPET fabric keeps the bag structured and easy to wipe clean.

Its minimalist cut and modest dimensions are suitable for carrying a smartphone, small wallet and a few essentials. The zip closure secures contents and the interior mesh pocket helps keep small items organised.

This bag can be customised as a personalised sports and outdoor bag using flex, screen printing on objects, multicolour transfers and DTF printing. Minimum order: 20 pieces (colours and sizes combined).
