DESCRIPTION

Folding desktop phone stand in ABS designed to hold a smartphone or small device in portrait or landscape orientation. The extendable column and adjustable hinges let you set height and viewing angle for comfortable use at the desk or at home. The textured support pad reduces slipping while the small cradle lips keep the device securely in place. Compact, foldable design for easy storage and travel (6.6 x 2.8 x 11 cm).

Made from durable ABS with a matt finish, the stand features sturdy joints for repeated adjustment and a flat base for stability on flat surfaces. There are no pockets or closures; maintenance is straightforward with a wipe-clean surface.

This item is suitable as a promotional item for companies, clubs or events and can be personalised by tampography, DTF printing or doming. Minimum order is 25 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees. We provide a free quote within 24 hours on weekdays and our studio can prepare or vectorise your logo.
