Country of origin	China
Carton	50 pieces

DESCRIPTION

The Iniq barbecue tongs are built for straightforward, reliable outdoor use. Stainless steel construction combined with natural bamboo handles—which may show slight colour and grain variation—gives a practical, comfortable tool. At 33 x 4 x 3.5 cm the tongs provide a good reach to turn meat and vegetables while keeping hands safely away from heat. Suitable for private barbecues and outdoor events.

The tongs feature a locking ring for compact storage and scalloped ends to improve grip on food. The steel-and-bamboo assembly offers a comfortable hold and simple aftercare: wipe and rinse after use is recommended. Its compact dimensions make it easy to transport for mobile catering or event stands.

Customisation is available by laser engraving on the bamboo surface—ideal for logos and short text. Please note a minimum order of 25 pieces (colours and sizes combined). Recommended for companies, clubs, associations, events and promotional gifts; our studio can vectorise your logo.
