DESCRIPTION

The Athena bottle is a 500 ml vacuum-insulated bottle made from recycled stainless steel (90% recycled indicated), featuring a double-wall construction to keep drinks hot or cold. Its slim cylindrical profile (Ø7 x 22 cm) and screw cap provide a secure, leak-resistant closure and comfortable handling. The material suits everyday use and transport.

The finish appears smooth and matt in the image; the bottle is offered in several colours, including Navy Blue, Matte Silver and Black. Its compact dimensions make it convenient for commuting and events.

This product is available from a minimum order of 10 pieces; smaller runs can be arranged with additional fees. We offer customisation of this personalised bottle by DTF printing, digital printing, laser engraving, screen printing on objects, pad printing or sublimation. Ideal for companies, sports clubs, associations, events and private clients — free quote within 24 hours on weekdays, in-house design studio to vectorise or retouch logos, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
