Composition	RPET-Recycled Cotton
Material	RPET-Recycled Cotton
Average weight	0.191
Dimensions	18 x 14 x 30CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

This isothermal bag in RPET-recycled cotton combines a sturdy textile feel with thin insulation suitable for carrying food and drinks. The Recoba model measures 18 x 14 x 30 cm and features 3 mm PE foam with a PEVA lining to protect against heat and moisture. A short top handle offers easy carrying and the roll-over flap closes with a Velcro strip to secure contents. The bag is available in several colours, including beige, and works well for everyday use or outdoor events.

The front includes a discreet external pocket useful for cutlery or notes, and the visible stitching gives the bag a structured appearance. The seams are tidy and the rolled closure folds neatly over the top edge. Care is straightforward: wipe clean and air dry to preserve the foam and PEVA lining.

Perfect as a personalised sports bag, it can be customised using flex, screen printing on objects, multicolour transfer or DTF printing. Suitable for businesses, sports clubs, associations, events and private customers looking for an eco-responsible RPET-cotton item. Minimum order: 25 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and offer an in-house studio to vectorise or refine your logo.

COLOURS (1)

Beige
