DESCRIPTION

This Tucco kitchen utensil is a slim, cylindrical pepper or salt mill in acacia wood (Ø5 x 21 cm) with a smooth finish that highlights the natural grain. It features a ceramic grinding mechanism and a metal adjustment knob on top to set the desired grind. The ergonomic diameter makes it comfortable to hold, suitable for use in hospitality, offices or as corporate gifts.

Its simple construction allows easy refilling via the removable top and straightforward cleaning. The clean joinery and smooth finish provide reliable handling during daily use, while the compact proportions suit both table service and gift packaging.

The mill can be personalised by laser engraving, screen printing on objects or pad printing, making it ideal for businesses, hotels, restaurants, associations and events. Minimum order: 15 pieces (colours and sizes combined); smaller runs may be possible with additional fees. Our studio can vectorise your logo and provide a free weekday quote.
