DESCRIPTION

The Bemga bamboo chopping board is a compact, practical kitchen utensil designed for everyday use. Its rectangular format (21.5 x 15 x 1 cm) with rounded edges makes it comfortable to handle. Made from natural bamboo, the board offers a slightly textured, durable cutting surface; natural variations in colour and grain are to be expected and make each board unique.

It features a hanging hole for convenient storage and a slim profile that keeps the board lightweight yet stable on the worktop. For longevity, wipe clean by hand and avoid the dishwasher to preserve the bamboo.
