DESCRIPTION

The Jazz Bamboo TWS earbuds come in a natural bamboo charging case and include two Bluetooth 5.0 wireless stereo earbuds. The earbuds themselves use ABS housings while the case features bamboo with natural variations in grain and shade; each unit is therefore slightly unique. Each earbud has a built-in microphone and a 30 mAh battery yielding roughly 3 hours of playback; the included charging station has a 185 mAh battery and charges via micro-USB. Case dimensions: 5 x 6.5 x 2.5 cm.

The lid is removable and the interior is moulded to keep the earbuds secure. The bamboo exterior offers a warm, tactile finish and may show small differences in pattern and size between pieces due to its natural origin. Three charge indicator lights on the case show battery status.

These personalised earbuds can be marked by digital printing, doming, laser engraving or pad printing depending on the desired result. Ideal as corporate gifts or promotional items for businesses, sports clubs, associations and events. Minimum order quantity: 50 pieces. Free quote within 24 hours on weekdays and a graphic studio is available to retouch or vectorise your logo.
