## DESCRIPTION

These anti-slip EVA slides are designed for light everyday use indoors and outdoors. The Kolam model features a moulded, textured footbed and a wide strap that provides secure support and comfort for short walks or casual wear. The EVA construction keeps them lightweight, water-resistant and easy to clean with soapy water.

The wide strap and textured insole improve grip and stability, while the open-toe design offers breathability and easy on/off. Visible stitching along the strap suggests tidy finishing; the sole shows a low-profile tread for added slip resistance.

These personalised shoes can be marked by multicolour transfer, DTF printing, screen printing on objects and embossing. They suit companies, sports clubs, associations and promotional events. Minimum order: 5 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo before production.
