Its slim elongated shape with a fine spray nozzle allows precise, hygienic application of SPF25, convenient for quick reapplications during outdoor activities. The dimensions (10 x 3.5 x 2.5 cm) make it easy to carry in a bag or pocket.

The bottle features a metal carabiner to clip onto backpacks, belts or keyrings for instant access. The smooth PE body is lightweight yet sturdy and provides a suitable surface for branding. Practical for event handouts, promotional packs and staff supplies.

Personalised options include pad printing and digital printing, both well-suited to plastic items. Ideal for companies, sports clubs, associations, schools and events.
