DESCRIPTION

The Compras bamboo keyring is a functional accessory suitable for companies, clubs and events. Made from a slim bamboo plate, it includes a shopping token and a metal split ring attached via a plastic swivel for easy everyday use. Bamboo is a natural material, so expect slight variations in colour and grain between batches. Size: 2.5 x 7.7 cm.

The elongated shape with a rounded token end provides a comfortable grip and slips easily into pockets or bags. The standard ring and plastic swivel allow the token to rotate smoothly. For care, wipe with a dry or slightly damp cloth; avoid harsh chemicals that could damage the bamboo surface.

Customize this personalised keyring with laser engraving for precise, natural markings or with pad printing for coloured logos. Well suited to corporate gifts, promotional campaigns, retailers and associations. Minimum order: 500 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; production, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
